- 65.2 Definitions.
- 65.3 Authority to Take Possession of Abandoned Vehicles.
- 65.4 Notification of Owner and Lienholders.
- 65.5 Auction of Abandoned Vehicles.
- 65.6 Storage Charge.

SEC. 65.1 PURPOSE. The purpose of this chapter is to protect the health, safety and welfare of the citizens and safety of property in the city by providing for removal and disposal of abandoned motor vehicles.

SEC. 65.2 DEFINITIONS. Definitions used in this chapter.

1. The term "abandoned vehicle" means any of the following:
 - a. A vehicle that has been left unattended on public property for more than 48 hours and lacks current registration plates, or two or more wheels, or other parts which renders the vehicle totally inoperable; or
 - b. A vehicle that has remained illegally on public property, excluding public parking lots for more than 48 hours; or
 - c. A vehicle that has been unlawfully parked on private property or has been placed on private property without the consent of the owner or persons in control of the property for more than 24 hours; or
 - d. A vehicle that has been legally impounded by order of the city police and has not been reclaimed for a period of 10 days; or
 - e. Any vehicle parked on a street determined by the city police to create a hazard to other vehicle travel;
 - f. However, a vehicle shall not be considered abandoned for a period of 15 days, if its owner or operator is unable to move the vehicle and notifies city police authorities responsible for the geographical location of the vehicle, and requests assistance in the removal of the vehicle.
2. The term "demolisher" means any city or public agency organized for the disposal

of solid waste, or any person whose business it is to convert a vehicle to junk, process scrap or scrap metal, or otherwise to wreck or dismantle vehicles.

SEC. 65.3 AUTHORITY TO TAKE POSSESSION OF ABANDONED VEHICLES. City police may, and on the request of any other authority having the duties of control of the highways or traffic, shall take into custody any abandoned vehicle on public property and may take into custody any abandoned vehicle on private property. The city police may employ its own personnel, equipment and facilities, or hire other personnel, equipment and facilities for the purpose of removing, preserving, storing or disposing of abandoned vehicles.

SEC. 65.4 NOTIFICATION OF OWNERS AND LIENHOLDERS.

1. City police taking into custody an abandoned vehicle shall notify, within 20 days, by certified mail the last known registered owner of the vehicle, and all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to their last known addresses of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model and V.I.N. number of the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and reclaim the vehicle and personal property within 21 days after the effective date of the notice, upon payment of all towing, preservation and storage charges resulting from placing the vehicle in custody and upon payment of the costs of notice required pursuant to this subsection. The notice shall also state that the failure of the owner or lienholders to exercise their right to reclaim the vehicle within the time provided shall be deemed a waiver by the owner and all lienholders of all right, title, claim and interest in the vehicle and that failure to reclaim the vehicle is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher. The notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the city police or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police chief to contest these matters. If the persons receiving the notice do not ask for a hearing or exercise their right to reclaim the vehicle within the 21 day reclaiming period, the owner and lienholders shall no longer have any right, title, claim or interest in or to the vehicle. No court in any case in law or equity shall recognize any right, title, or interest of the owner and lienholders after the expiration of the 21 day reclaiming period.

2. If the identity of the last registered owner cannot be determined, or if the registration

contains no address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lienholders, notice by one publication in one newspaper of general circulation in the area where the vehicle was abandoned shall be sufficient to meet all requirements of notice under this section. The published notice may contain multiple listings of abandoned motor vehicles but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in subsection (1) of this section.

3. The owner or any lienholders may, by written request deliver to the city police chief prior to the expiration of the 21 day reclaiming period, obtain an additional 14 days within which the vehicle may be reclaimed.

SEC. 65.5 AUCTION OF ABANDONED VEHICLES. If an abandoned vehicle has not been reclaimed as provided in Section 65.4, the police chief shall make a determination as to whether or not the vehicle shall be sold for use upon streets and highways. If the vehicle is not sold for use upon the streets and highways, it shall be sold without public auction for junk or demolished and sold as scrap after complying with the notification procedures enumerated in Section 65.4. If the police chief determines the vehicle is suitable for use upon streets and highways then city police shall sell the vehicle at public auction. The purchaser of the vehicle takes title free and clear of all liens and claims of ownership, shall receive a sales receipt from the city police, and is entitled to register the vehicle and receive a Certificate of Title if sold for use upon the streets and highways. However, if the vehicle is sold or disposed of to a demolisher for junk, the sales receipt by itself is sufficient title, only for purposes of transferring the vehicle to the demolisher for demolition, wrecking or dismantling and, when so transferred, no further title of the vehicle is permitted.

From the proceeds of the sale of an abandoned vehicle, city police shall reimburse the city for the expenses of the auction, the costs of towing, preserving and storing which resulted from placing the abandoned vehicle in custody, all notice and publication costs incurred pursuant to Section 65.4, the cost of inspection and any other costs incurred, except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for 90 days, and shall then be deposited in the state road use tax fund. Where the sale of any vehicle fails to realize the amount necessary to meet costs, the police chief shall apply for reimbursement from the state road use tax fund as provided by law.

SEC. 65.6 STORAGE CHARGE. A storage charge in an amount established by resolution of the city council shall accrue to any abandoned vehicle taken into custody under this chapter and stored upon city property.

SEC. 69.12 COLLECTION SERVICE CHARGES--EXEMPTIONS FOR STORAGE BUILDINGS.

Buildings used solely for storage even though having separate electric or water utility connections may be exempted from solid waste collection charge upon the owner or renter of said premise filing an affidavit with the City certifying that the premise is used only for storage purposes and does not generate any solid waste. After the discontinuance of solid waste collection charges with this certification, any premise found to be generating solid waste or any such owner or renter found to be in violation of any State or City regulations regarding the disposal of solid waste shall be billed retroactively for all monthly solid waste charges to the time that the certification was filed.

SEC. 69.13 COLLECTION SERVICE FEE PROVISIONS. The collection of solid waste as provided by this chapter and the maintenance of the availability of such services, whether or not such service is used regularly or at all by the owner of such premises, is declared a benefit to the premises at least equal to the monthly charges specified pursuant to this chapter and in case of failure to pay the monthly charge when billed, as heretofore provided, then the monthly charge shall be assessed against the property benefited in the manner provided by and for special assessments, and in accordance with the present State Code of Iowa.

SEC. 69.14 DELINQUENT ACCOUNTS--SPECIAL ASSESSMENT PROCEDURE.

1. At least annually the accounting department shall prepare a "delinquent list" of persons failing to pay the monthly charge required by this chapter, listing the premises for which the service was rendered and the amount due therefrom.
2. Resolutions shall thereupon be prepared assessing the delinquent charges to the properties so benefited. Such resolution, properly passed by the council, shall be certified as provided by law in cases of special assessments for collection in the same manner as general taxes.
3. In the case of the delinquency on the part of renters, lessors, etc., the accounting department shall pursue all legal avenues available to secure collection of delinquent solid waste fees, in accordance with and as provided for in this chapter.

SEC. 69.15 VIOLATION--PENALTY. Any person violating any of the provisions in this chapter, except those requiring the payment of fees for collection services, shall upon conviction be punished as provided in this code.

- 72.2 Definitions.
- 72.3 Where Permitted.
- 72.4 Enclosure Requirements.
- 72.5 Number of Chickens Permitted.
- 72.6 Permit Requirements.

Sec. 72.1 Purpose. The purpose of this chapter is to protect the health, safety and welfare of the citizens within the City by allowing a process by which a property owner may keep a limited number of domesticated chickens on their property while observing minimum property standards.

Sec. 72.2 Definitions. Definitions used in this chapter.

1. Chicken shall mean a member of the subspecies *Gallus gallus domesticus*, a domesticated fowl.
2. Urban chicken shall mean a chicken kept on a permitted tract of land pursuant to a permit issued under this Chapter.

5. Permittee shall mean an applicant who has been granted a permit to raise, harbor or keep chickens pursuant to this Chapter.

Sec. 72.3 Where Permitted. (Ordinance 1102 – Published on 5/24/22)

Sec. 72.4 Enclosure Requirements. The following criteria shall be considered a minimum form of compliance for the City to consider issuing a permit allowing for the presence of any particular chickens unless allowing such chickens would endanger the health, safety, peace, quiet, comfort, enjoyment of, or otherwise become a public nuisance to nearby residents or occupants or places of business:

1. Chickens must be confined in a coop, fowl house, or mobile coop, known as a chicken tractor, not less than 18 inches in height. In addition to be confined within a coop, a fenced pen area at a size outlined below shall be maintained. Chickens must be kept within the coop, the fowl house, or the fenced pen area at all times unless removed for a temporary time for the safety of the chicken.
2. The coop, the fowl house, or the fenced pen area must be of such a design to be reasonably expected to prevent entry by dogs, cats, or other animals and shall be completely enclosed.
3. The coop or fowl house must be used for chickens only and must be well ventilated.
4. The coop, the fowl house, or the fenced pen area shall have a minimum of four (4) square feet of floor area for each chicken but shall not be any larger than twelve (12) square feet of area for each chicken. The coop, fowl house, or fenced pen area shall be a minimum of twenty-five (25) feet from any neighboring dwelling property line. Chicken tractors shall be a minimum of ten (10) twenty-five (25) feet from any property line at all times. In the event a zoning or other ordinance requires a greater distance, the more restrictive regulations shall apply.
5. Any coop, fowl house, or fenced pen area must be well drained so there is no accumulation of moisture.
6. Any coop, fowl house, or fenced pen area shall be kept clean, sanitary and free from accumulation of chicken excrement and objectionable odors. All droppings and body excretions shall be either placed in fly-proof containers and double-bagged in plastic bags or, in the alternative, used as fertilizer on the same property or, with the owner's permission, on other property within the City, so long as the droppings and body excretions are spread and incorporated into the soil within twenty four (24) hours.
7. In addition to the coop, fowl house, or fenced pen area, the permittee shall be responsible for sufficiently confining chickens to the permitted property and prevent chickens from entering upon any adjacent property.
8. All chicken feed shall be stored in rodent-proof containers.
9. All such chickens must be hens; no roosters are permitted.
10. The City shall not be liable for injury or death of chickens caused by dogs, cats, or other animals, domestic or wild, whether such animals are licensed by the City or not. Further, injury or death of a chicken caused by an animal is not, in and of itself, sufficient grounds for the City to determine that the animal is a vicious animal pursuant to this Code of Ordinances. Any dead chicken shall be disposed of immediately upon discovering said dead chicken in a manner so as to not cause a nuisance pursuant to this Code of Ordinances.
11. Slaughtering of chickens or selling of eggs are forbidden
12. An owner or possessor of animals on property that is newly annexed or rezoned to a residential classification has ninety (90) days from the date of annexation or rezoning to bring the property into compliance required by this section.
13. A violation of this subsection is a municipal infraction as provided in this Code of Ordinances.

Sec. 72.5 Number of Chickens Permitted.

1. No more than four (4) chickens shall be kept or maintained per property at any time.

Sec. 72.6 Permit Requirements. No person shall keep any chickens unless they possess a City of Waverly permit issued by the City Administrator or their designee.

1. Fee. The fee for such permit shall be thirty (\$30) dollars.
2. Permits will be granted for one (1) three (3) years valid from January 1 through until December 31 and shall not be pro-rated for partial year three years from the application year.
 - a. Permits may be purchased at any time during the year but will be valid only through December 31.
 - b. Property owner shall notify the City upon discontinuance of housing chickens.
 - i. As part of discontinuing of housing chickens on the property, the pen and coop areas shall be cleaned in a timely manner so as to not provide a nuisance to neighboring property owners.
 - c. Fees shall not be refunded if the property owner removes the chickens from the premises.
 - d. The permit may be suspended or revoked by the City Administrator or their designee upon hearing and finding evidence that the permittee has violated the conditions of the permit and listed in this Section of the Code. All chickens must be removed from the premises and disposed of in accordance with public health practices upon revocation of the permit. There will be no refund of the permit fee. All associated costs of removal of the chickens shall be assessed back to the property owner.
 - e. By the granting of the permit to raise chickens and the application thereof, the permittee authorizes that the City or its agents have the right to go onto permittee's property any time for the limited purpose of inspection of the premises to ensure that all applicable conditions have been met.
