

PROJECT LEAD

The Waverly Chamber of Commerce is pleased to present Project Lead 2021. This professional development series is designed to foster community awareness while developing individual leadership skills. The program gives leaders a broader view of civic leadership responsibilities and opportunities through direct contact with people who shape the city of Waverly. Participants will listen to presentations, debate issues, participate in activities, visit with Waverly and Cedar Valley business leaders and tour facilities.

CLASS PARTICIPATION

The class is comprised of participants who are members of the Waverly Chamber of Commerce and community members who have an interest in leadership roles and community service. Project Lead sessions will meet once a month, September through May. Participants will be allowed two absences for the duration of the program. Arriving late or leaving early will be considered as a half day absence.

PROGRAM FEES

Tuition for Project Lead 2021 is \$750 for Chamber members and \$900 for non-members. Tuition is to be paid prior to the first session and is non-refundable. If your employer cannot cover the entire cost of Project Lead, \$250 scholarships are available through the application process thanks to generous sponsors.

“We at the Chamber are excited to bring back Project Lead to both members and non-members alike. This program, geared to promote strong leadership building along with community awareness through its incredible line up of speakers and curriculum, is a great way for individuals to gain a wealth of knowledge and a better understanding of how Waverly works.”
—**Travis Toliver, Executive Director of the Waverly Chamber of Commerce**
