F. REGULAR BUSINESS.

1. Approve Funding to Soccer Association from the Recreational Capital Improvement Fund.

Council reviewed the Vision Iowa Board's decision to target Waverly Light and Power and the City entities \$50,000 each to reduce Vision Iowa funding. Discussion followed on additional fundraising efforts by the Soccer Association. Park & Recreation Director Ray informed the Council that the Park & Recreation Commission did not make a recommendation on funding of the Soccer Complex from the Recreational Capital Improvement Fund. Mr. Ray did say that ball diamond and park improvements could be delayed if the money from said fund would be used for the soccer complex. Mr. Butch Kehe questioned soccer funding when the majority of City residents are not involved with soccer. Bruce Toenjes informed the Council of grant funding from the U.S. Soccer Association. Council questioned Soccer Association members on other revenue sources. Once again Council voiced their opposition to the Vision Iowa Board practices. Howard Clancy and Jim Maltas stated that an additional \$50,000 would have to be raised to complete the soccer complex over and above what Waverly Light and Power, the City and the Vision Iowa Board propose to fund.

Resolution 02-81, A Resolution Approving Articles of Incorporation 4. for the Bremer County/City of Waverly Joint Authority. Action deferred until later.

5. Discussion of Funding for the Bremer County/City of Waverly Law **Enforcement Center.**

City Administrator Crayne reviewed funding methodology if a City/County Authority is established to bring a vote to the people on the proposal to issue revenue bonds to finance expansion of the Law Center. This proposal would require a 50% + 1 vote approval to proceed with construction of the project. Once the revenue bond proposal is approved the City and County would enter into a lease agreement with the Authority detailing the lease payment amounts for each agency to be made during the term of the lease. Each local government would then determine their method of funding the lease payments. The above vote authorizes the funding from each local government to be through property taxes. However a local government could fund through local options sales tax should a simple majority of voters choose to do so. The Code is in conflict with itself in that this type of lease requires a 60% voter approval. The City and County could have the vote for the facility and financing and then through the legislature get approval to correct conflicting portion back to 50% instead of the 60%. An alternative would be to just go with the local option sales tax and its 50% voter approval process and stay with the 28E Agreement. Butch Kehe voiced his concerns with the local option sales tax and the closing of 4th Street NE. After discussion the Council agreed that more information was needed to examine funding alternatives for expansion of the Law Enforcement Center.
