C.E. Cherry: Stated that there only need to approve the changes.

July minutes were approved

Motion by Neuendorf to approve the August minutes

Seconded by Engel

Passes 5-0 Absent Parry and Schloemer

Questions/Comments from Guests:

C.C. Lieb: Ask about the Dry Run Creek: Who will find out about total losses on the dry run?

C.E. Cherry: From FEMA Data base. We can get an average per home of total loss and use that on the dry run

C.C. Lieb: Will the losses outweigh the dry run improvement?

C.E. Cherry: We don't know that yet. But loss of life as in the 1968 dry run flood.

C.C. Lieb: How can you sue a measurement from the 2008 flood and a dry run flood.

C.E. Cherry: The water would not be as great so the damage would not be as great and would have guidance

Kip Ladage: Presents a sign to the Commission from the National Weather Service that marks the height of the 2008 flood

Commission agrees that Kohlman Park would be a good location for the sign

John Campbell: Stated that the Commission needs to get the word out about what they are doing. Also stated that retention ponds like the one on 10th Avenue

Unfinished business:

Municipal Design Standards for Storm Water Management Facilities and State recommended practices.

The Commission discussed with Mike and agreed that it needed to move forward to City Council.

Motion to approve and send to City Council:

Motioned by Neuendorf

Seconded by Triplitt

Mayor Brunkhorst: Stated that the total amount of the gift is \$37,000. Com. Triplitt and Dick Crayne can meet with LSB to discuss options which the money will be used.

New business:

None

Tabled Items:

None

Project Status Report:

Waverly Dam Reconstruction:
