

2. *Recommendations for Amending and Administering Electrical Code*

No items for amending

3. *License Board for Electricians Working in Waverly, Iowa*

The Board discussed if Terex had met the qualifications to be approved for an annual permit. Inspector Wedemeier indicated he was confident they met the requirements. After researching the Terex file it was concluded that they meet the requirements for an annual permit for a maintenance license, however they did not meet the requirements for an annual industrial permit.

Inspector Wedemeier commented he had not received any information from Nestle however he had been in contact with Nestle and they were preparing the application.
