Unnamed House	Bremer
Name of Property	County
313 2 nd Ave SW	Waverly
Address	City

7. Description

The house at 313 2nd Ave SW is estimated to have been constructed in 1898 according to the Bremer County Assessor's records. The house footprint is depicted on Sanborn maps in 1905 and 1927. As a result of these public records, 1898 is a likely construction year.

The house is an example of the vernacular Gable-Front-and-Wing house form. Medium-wide clapboard-style vinyl siding covers the original wood clapboard walls of the house. The front porch in the left hand ell has been enclosed with a similar finish and a pair of double-hung windows. The house has a stone foundation and a moderate pitched front-gabled 1½-story wing and a similar scale side-gabled wing. The house has received a major addition on the rear that has redefined the side-gabled roof form with an extended slope over a 1-story rear addition.

Fenestration has been drastically modified with the closure of several windows and the replacement of others. Another major change was the elimination of the first floor windows in the main block. The house has a detached garage constructed in 1978.

8. Significance

The Unnamed House at 313 2nd Ave SW is considered a noncontributing resource in the Sturdevant SW Historic District as a result of the loss of physical integrity. Its altered appearance distracts from the significance of the historic district's architectural significance. The district qualifies for the National Register of Historic Places as a well-preserved collection of mid and late 19th century and early 20th century architectural styles and vernacular house forms located in Waverly's southwest residential neighborhood. The neighborhood developed as a middle class and working class residential district from the late 1850s through the mid-20th century. Both the house and the modern garage are considered noncontributing.

Historical Background for Waverly¹

Waverly was established in 1853 along the Cedar River in Waverly Township located in southeastern Bremer County. It was designated as the county seat for Bremer County the same year that the county was officially organized and was formally incorporated in 1859. Like most Iowa towns established before the Civil War, growth during the early 1860s was deferred until after the war came to a close. Waverly's first railroad, the Cedar Falls and Minnesota Railroad was extended to Waverly in 1864. Eventually track was also laid for other branch lines and an electric interurban. By 1917 track for branch lines was absorbed by the Chicago and Great Western Railroad and the Chicago, Rock Island and Pacific Railroad. Track for the electric interurban – the Waterloo, Cedar Falls, and Northern – was laid in 1910 but usage was never as substantial as predicted.

Waverly grew in the manner typical of other Iowa county seats in the late 19th and early 20th century. Its commercial center extended along the east-west route of Bremer Avenue on both sides of the Bremer Avenue

¹ The historical background information is largely drawn from the *Waverly, Iowa: An Architectural Heritage*, (Waverly, Iowa: City of Waverly), 1977.

Bridge that crossed the L-shaped course of the Cedar River as it passed through the center of town. The county courthouse was located outside of the commercial area on a slight prominence at the east end of Bremer Avenue. Residential districts grew up in the four quadrants formed by the intersecting main street and river. The broad, generally flat profile of both the business district and early residential neighborhoods saw the regular occurrence of flooding resulting in the gradual replacement of most first generation frame building stock. German immigrants were among the largest ethnic group to populate Waverly during the 19th century establishing religious institutions with ethnic affiliations such as St. Paul's Lutheran Church in the northwest quadrant, St. Mary's Roman Catholic Church in southeast quadrant, and the German Methodist Church.

Bremer County and its county seat of Waverly prospered during the late 19th and early 20th century becoming a retail and professional services center for Bremer County and sections of adjacent Butler County. The county's standing as the "Dairy Spot of Iowa," gave rise to a number of dairy industries including a manufacturing plant operated by the Carnation Milk Products Company for the production of condensed milk in the 1920s. Population stood at 16,300 people in 1900 before the growth rate slowed before World War I. By 1930 population topped 17,000. Expansion of a Lutheran seminary in Waverly first located in the community in 1879 through the relocation of Wartburg College to the community in 1939 was a cultural and economic stimulus for the community. Waverly continued to add a 1,000 people per decade until 1950 when the post-War boom saw growth accelerate to more than 21,000 by 1960. During the past 50 years population has slowed somewhat topping out at 23,325 in 2000.

Historical Background for the Unnamed House at 313 2nd Ave SW

The Unnamed House at 313 2nd Ave SW is located in the southwest quadrant of Waverly that includes additions platted by early Waverly settlers, Ira Sturdevant and his son William Sturdevant. The Sturdevant family moved to the unsettled area along the Cedar River in the mid-1850s. Ira received a 40-acre federal land grant based on his military service in the War of 1812. William acquired 80 acres of adjoining land to the north of his father's 40-acre parcel. In 1857 the William Sturdevant's Addition was laid out and in 1860 the Ira Sturdevant Addition was platted. Growth remained relatively slow in these subdivisions until after the Civil War.

The Unnamed House is estimated to have been constructed in 1898 according to the Bremer County Assessor's records. This date is consistent with the form and design of the house.
