Case-Broderson House	Bremer

7. Description

The Case-Broderson House at 411 2nd St SW is estimated to have been constructed in 1915 according to the Bremer County Assessor's records. This date is consistent with the building's form and design. The property was held by Harriet Case, a rural property owner in Warren Township, when it was passed to Herman L. Broderson 9/29/1922. It is most likely that the property held a speculative house built by Case but not occupied by her. No occupancy records or Sanborn Maps specifically make it clear whether the house was in place before or after 1922. A ca. 1915 is therefore considered an approximate construction date.

The house is an example of a vernacular Hipped Roof, 2-Story house form popularly known as the American Four-Square. The building has a rock-faced concrete block foundation with wide-width clapboard-style vinyl siding on the walls. It has a moderate pitched hipped roof with hipped attic dormers on front and south slopes. A hipped roof porch spans most of the front façade with 4-inch porch posts evenly spaced across the front. Entrance steps are centered opposite the off-set front door. The porch has been screened with diagonal lattice sheeting forming the balustrade panels. The porch foundation is made of matching concrete block with the deck made of cast concrete. Fenestration includes widely spaced 1/1 double-hung window units with smaller A second entrance is centered on the south façade leading to the basement level and first floor. A second floor window on the south façade is located between levels suggesting a landing level of a staircase in this position. The house has a garage built in 1961 at the rear of the lot along the alley. It is a two-bay hipped roof, frame building with vinyl beveled siding, four-light windows, twin overhead doors, and a tongue-and-groove passage door facing the house. The garage is considered noncontributing.

8. Significance

The Case-Broderson House at 411 2nd St SW is a significant as a contributing resource in the Sturdevant SW Historic District under both Criteria A and C. The historic district qualifies for the National Register of Historic Places as a well-preserved collection of mid and late 19th century and early 20th century architectural styles and vernacular house forms located in Waverly's southwest residential neighborhood. The garage is considered noncontributing because of its age and alterations

Historical Background for Waverly¹

Waverly was established in 1853 along the Cedar River in Waverly Township located in southeastern Bremer County. It was designated as the county seat for Bremer County the same year that the county was officially organized and was formally incorporated in 1859. Like most Iowa towns established before the Civil War, growth during the early 1860s was deferred until after the war came to a close. Waverly's first railroad, the Cedar Falls and Minnesota Railroad was extended to Waverly in 1864. Eventually track was also laid for other branch lines and an electric interurban. By 1917 track for branch lines was absorbed by the Chicago and Great Western Railroad and the Chicago, Rock Island and Pacific Railroad. Track for the electric interurban – the Waterloo, Cedar Falls, and Northern – was laid in 1910 but usage was never as substantial as predicted.

¹ The historical background information is largely drawn from the *Waverly, Iowa: An Architectural Heritage*, (Waverly, Iowa: City of Waverly), 1977.

Waverly grew in the manner typical of other Iowa county seats in the late 19th and early 20th century. Its commercial center extended along the east-west route of Bremer Avenue on both sides of the Bremer Avenue Bridge that crossed the L-shaped course of the Cedar River as it passed through the center of town. The county courthouse was located outside of the commercial area on a slight prominence at the east end of Bremer Avenue. Residential districts grew up in the four quadrants formed by the intersecting main street and river. The broad, generally flat profile of both the business district and early residential neighborhoods saw the regular occurrence of flooding resulting in the gradual replacement of most first generation frame building stock. German immigrants were among the largest ethnic group to populate Waverly during the 19th century establishing religious institutions with ethnic affiliations such as St. Paul's Lutheran Church in the northwest quadrant, St. Mary's Roman Catholic Church in southeast quadrant, and the German Methodist Church.

Bremer County and its county seat of Waverly prospered during the late 19th and early 20th century becoming a retail and professional services center for Bremer County and sections of adjacent Butler County. The county's standing as the "Dairy Spot of Iowa," gave rise to a number of dairy industries including a manufacturing plant operated by the Carnation Milk Products Company for the production of condensed milk in the 1920s. Population stood at 16,300 people in 1900 before the growth rate slowed before World War I. By 1930 population topped 17,000. Expansion of a Lutheran seminary in Waverly first located in the community in 1879 through the relocation of Wartburg College to the community in 1939 was a cultural and economic stimulus for the community. Waverly continued to add a 1,000 people per decade until 1950 when the post-War boom saw growth accelerate to more than 21,000 by 1960. During the past 50 years population has slowed somewhat topping out at 23,325 in 2000.

Historical Background for the Case-Broderson House at 411 2nd St SW

The Case-Broderson House is located in Fractional Block 1 of the Wm. Sturdevant Addition. The southwest quadrant of Waverly includes additions platted by early Waverly settlers, Ira Sturdevant and his son William Sturdevant. The Sturdevant family moved to the unsettled area along the Cedar River in the mid-1850s. Ira received a 40-acre federal land grant based on his military service in the War of 1812. William acquired 80 acres of adjoining land to the north of his father's 40-acre parcel. In 1857 the William Sturdevant's Addition was laid out and in 1860 the Ira Sturdevant Addition was platted. Growth remained relatively slow in these subdivisions until after the Civil War.

The Case-Broderson House at 411 2nd St SW Street is estimated to have been constructed in 1915 according to the Bremer County Assessor's records. The property was held by Harriet Ellen Case at the time, a property owner in rural Warren Township at the time, who along with two brothers managed the 80-acre family homestead. She was a member of the Baptist Church and with her family, was a supporter of the Prohibition Party. She sold the property to Herman L. Broderson 9/29/1922 who likely occupied the house with his wife Christine. The house passed to Broderson descendants Harold and Vera Broderson on 2/18/1949. Ten years later it was sold to Norman and Jeanette Fintel who held it just two years before selling it to Gerhart and Irene Weyer. The Weyers resided here and sold the house in 1991 to James and Nancy Kuhrt.
