Waverly Sledding Hill circa 1980's (above), circa 1990's (below).

## HOLIDAY TRADITIONS

The hill near the Waverly Municipal Golf Course Clubhouse has been serving as a sledding hill for many decades. For generations—since before the 1980s—families and friends have gathered at the Waverly Municipal Golf Course to enjoy one of winter's simplest pleasures: sledding. The golf course hill has long been a favorite local spot for kids and adults alike to bundle up, grab their sleds, and make the most of a snowy day.

The sledding hill on hole #1 is open whenever there's a good accumulation of snow to provide safe conditions and protect the turf underneath. When snow is limited, the hill will be temporarily closed to help preserve the course for the warmer months ahead; watch for the closed sign at the top of the hill when you go!

So, when the snow starts to fall, head out to the Municipal Golf Course and keep this beloved Waverly winter tradition alive!

## A SEASON OF GIVING

Trees give us so much—shade on hot summer days, cleaner air to breathe, beauty in every season, and homes for the wildlife we love to see. Now it's our turn to give back!

The Waverly-Shell Rock annual Tree Sale is coming soon, benefiting the Waverly-Shell Rock Science Club. Proceeds support local students while helping our community grow greener and stronger.

*Stay tuned for tree varieties and ordering details!*

## WISHING YOU JOY

In the event of snowfall, most of Waverly's trails will be cleared for easy winter use. However, a few special sections will remain beautifully snow-covered for seasonal fun! These include Brookwood Park, and the Rail Trail from the trailhead behind Kwik Star East heading east to Highway 63 at the 7-mile marker. We intentionally leave these areas untouched to create a perfect setting for winter adventures like cross-country skiing, snowshoeing, fat-tire biking, and more. Embrace the season and enjoy the snowy magic on our designated winter-activity trails!
