

CITY OF WAVERLY

LEISURE SERVICES
MONTHLY MINUTE
SEPTEMBER/OCTOBER 2021

On September 10th, volunteers from Cuna Mutual and Agencybloc participated in the Waverly United Way Day of Caring. The volunteers teamed up with City Staff to begin the process of staining the Kids Kingdom Playground. On October 2nd, more volunteers from the Waverly Exchange Club will continue the staining efforts.

The Parks staff is extremely grateful for the help to accomplish this daunting task. We also appreciate the cooperation from the public refraining from playing on the playground during the process.

THANK
you!

GREG WESTENDORF

Waverly Leisure Services is pleased to announce that Greg Westendorf has joined our staff. Greg has been hired to fill a brand new position as Athletic Fields Maintenance Specialist, a division of the Parks Department.

Greg comes to the City of Waverly with a vast amount of experience in this area. With a love of working outdoors, he is the perfect fit.

Greg and his wife Jeanette have lived in Waverly for 30 years with their children Haylee, Sean, and Dayna. They are the proud grandparents of twin boys! In their spare time, they enjoy boating and watching sports, specifically watching their daughter play volleyball. Greg also enjoys watching Go-Hawk sports and hearing the marching band play at football games.

One of Greg's primary responsibilities, will be oversight and maintenance of Cedar River Park. He is looking forward to doing that at a high level.

TREES FOREVER FALL REBATE PROGRAM

Waverly Trees Forever is sponsoring the annual tree replacement program for Waverly area residents. The program's objective is to continue to restore the Waverly tree canopy.

Any Waverly Utilities Customer may take advantage of the program if their property has had a tree removed due to storm damage, insects, or disease.

Trees may be purchased by the public at Tiedt Nursery and Wells Hollow Landscaping. The program is a 50% rebate up to \$75 off the cost of each tree. For example: a \$100 tree would get a \$50 rebate, a \$150 tree would get a \$75 rebate, and a \$250 tree would get a \$75 rebate.

There is limited funding so there is a limit of 30 trees rebated this year. Each purchaser may only buy two trees per address each year. The rebate will not be permitted for Maple Trees. Check with local vendors for a list of available replacement species. The choices will be limited by their current inventory.

The dates of the program are September 13-November 6. There will be no sales after Saturday, November 6, 2021.

Any questions about this program should be directed to Garret Riordan or Jen Troyna in City Hall at 319-352-6263.

TRICK OR TREAT

Saturday,
October 30th
5:00 - 7:30 pm

Save the date
